OUR WORK IN CAMEROON

Seattle-Limbe Sister Cities Association is committed to improving community well-being in Limbe, Cameroon through a range of initiatives, from delivering feminine care kits to providing reproductive health classes and training local women to create care kits.

Our signature water project is a cornerstone of our work. In collaboration with six Seattle Rotary Clubs and the Limbe, Cameroon Rotary, we installed a borehole and a 20,000-liter water system at the Limbe Regional Hospital. This essential project not only supplies clean water to the hospital but also benefits five surrounding neighborhoods, greatly enhancing sanitation and healthcare.

By addressing the critical need for clean water, we are fostering sustainable development and healthier futures in Limbe. Our ongoing efforts continue to empower communities and strengthen ties between Seattle and Limbe, and we invite you to join us in supporting these transformative projects.
